# YOUR HEALTH AND SAFETY

# IN AN EMERGENCY

A mandatory Passenger Emergency Muster Drill will be held prior to departure. Guests who are unprepared are more likely to panic and create a risk, not only to themselves, but to others. For this reason, if a guest refuses to participate in this drill, they are not permitted to sail.

## ALARM 1 – FIRST STAGE

In the event of a fire or other incident, the ship's Emergency Response Team is first mobilized. Guests should listen for instructions and announcements. The first alarm is **one short blast followed by a long blast, repeated three (3) times.**

## ALARM 2 – CREW ALERT

Mustering preparation begins with the Second Stage Alarm followed by an announcement by the Captain. The second alarm is **one long blast for 15 seconds or longer.**

## AT THE CREW ALERT ALARM, YOU SHOULD PROCEED TO YOUR STATEROOM

Find your Assembly Station on your keycard or on the inside of your stateroom door.

◀ Collect warm clothing, comfortable shoes, and sun protection.

Also collect essential medications, eyeglasses, your guest keycard, and personal photo identification. **Do not bring suitcases, bags, parcels, or luggage of any kind.**

Bring your life jacket, which is stored in one of the closets. **(For the drill only, you do not need to put on your life jacket or bring it with you to your Assembly Station.)**

### ALARM 3 - GENERAL EMERGENCY ALARM

Wait in your stateroom until you hear the Third Stage Alarm:

Seven short tones followed by one long tone

### FOLLOW THE NUMBERED SIGNS

posted in corridors and stairways to your station. Low-level lighting will guide you to the nearest exit. Staff will be located in all stairways to provide assistance.

### WHEN YOU ARRIVE

- A roll call is taken at the station to ensure all guests are accounted for.
- Remain quiet and listen for instructions.
- Smoking, eating, drinking and use of telephones or other electronic devices are all prohibited.

If you are separated from your children, they will be brought to your Assembly Station.

### LIFE JACKETS

If you cannot reach your stateroom, life jackets will be issued at your Assembly Station. Life jackets for children and infants will be issued at the beginning of the cruise. If one is not provided, or if you need a larger adult size, contact Guest Services and one will be delivered to you.

### LIFEBOATS

In the event of an actual emergency, it is essential that you strictly follow instructions by our specially-trained crewmembers. The crew will ensure that all guests are accounted for by taking roll call at the Muster Station. Crew will then escort guests single-file to lifeboats. Roll call will be taken again as you board the lifeboats in an orderly fashion. If your lifeboat is inaccessible, the crew will redirect you to another survival craft. Lifeboats are equipped with food, drinking water, medical supplies and signal equipment. The boats can be lowered even if the ship is leaning over and will remain afloat even if overloaded or filled with water.

### ADDITIONAL INFORMATION

If you need more information regarding our emergency and safety procedures, please ask one of our officers.

# IN CASE OF FIRE

IF YOU SEE A FIRE, IMMEDIATELY DIAL 911

Find the escape route on the back of your door.

Feel the door with the back of your hand and check for smoke seeping under it.

If you feel heat or see smoke, don't open the door; dial 911 and describe the situation.

Place a wet towel under the door to prevent smoke from entering.

IF YOUR DOOR IS COOL

- Take a wet towel to cover your mouth.
- Lean into the door with your shoulder when opening it, in case you have to close it suddenly.
- If you don't see fire in the vicinity, follow the emergency lighting to your escape route.
- Stay close to the floor.

If you encounter a closed fire screen door, follow the lighted strip to the door handle and check the door temperature again.

IF COOL, push the handle down to open the door.

IF HOT, follow the lighted strip in the opposite direction to your secondary escape route.

# FIRE PREVENTION

Use extreme caution when smoking.

Be careful with transformers or chargers.

Do not leave belongings on your verandah.

Unplug all electrical devices when you leave your stateroom.

The following devices may not be used in your staterooms:

- Candles, incense and open flames
- Travel irons
- Coffeemakers
- Electric heating devices
- Personal power strips

Do not hang anything on the sprinklers in your stateroom.

Do not place objects on top of light fixtures.

Do not let bedding rest against your reading lights.

At no time are guests allowed to bring or use their own power strip in staterooms, no matter the voltage. Prohibited items discovered during the security screening of your luggage or found in use in your stateroom will be removed and stored until the end of the voyage. Guest Services will be happy to provide you with a Holland America Line approved power strip or adapter plug to borrow during your journey.

## SAFETY TIPS

*When the ship is moving, follow these basic steps to ensure your safety*

- Hold on to railings.
- Never stand on chairs or stools.
- Take care entering or leaving raised seating areas, particularly in the restaurants, especially when lighting is reduced.
- Turn the lights on when moving around your stateroom.
- Secure loose objects.
- Be careful on staircases.
- Take a moment to let your eyes adjust when coming inside from outdoors.

*Wet decks can be slippery*

- Hold on to railings and wear proper, rubber-soled footwear.

*Be careful around doors*

- Many doors have raised thresholds.
- Stateroom, bathroom and automatic doors may open or close suddenly. Keep your hands and feet clear, hold on to door handles (not the frames) and watch your step.

*Children should be supervised*

- Never leave your children unattended.
- Children under 12 are not permitted to use the elevators unless accompanied by an adult.

*Stay off the railings*

- Do not sit or stand on the ship's side rails on open decks or balconies.
- Do not let children sit or climb on the rails, even if held by an adult.

*Pools and whirlpools are not supervised*

- No running, jumping or diving in or near pools and hot tubs.
- Dry your feet before stepping on the deck.

*The gym is not supervised*

- Be careful with the equipment or ask for assistance.
- Proper/closed footwear is required in the gym.

*The bottoms of the bathtubs may be slippery*

- Always use the bath mat provided and hold on when entering or exiting the bath.

*Keep corridors free of blockage*

- All scooters, wheelchairs, and walkers should never be left unattended and should be kept inside staterooms.

## TENDER PRECAUTIONS

At some ports of call it is necessary to disembark the ship via smaller boats called tenders. Please follow all instructions from the driver of the tender.

- Do not attempt to board or disembark the tender until directed to do so.
- While the tender is moving, stay seated at all times unless instructed otherwise.
- Keep your arms off the tender's sides.
- No smoking is permitted.
- No food or drinks are permitted.

## MAN OVERBOARD

If you see anyone fall overboard, raise the alarm by shouting, "MAN OVERBOARD!" Immediately throw a life buoy (or anything else that will float) over the side to mark the spot, and then tell a member of the crew what you have seen.

# YOUR SECURITY

IMMEDIATELY REPORT MISSING PERSONS AND  
CRIMINAL ACTIVITY TO GUEST SERVICES (DIAL 90)

## SECURITY ON THE SHIP

### *Basic safety precautions:*

- If you lose your keycard, notify Guest Services immediately.
- Check the peephole of your stateroom door before opening it.
- Each stateroom has a safe for valuables with instructions on it.
- Larger valuables may be stored in the ship's safe. See Guest Services.
- Guests in possession of illegal drugs will be disembarked and reported to law enforcement. Drug penalties in many countries can be severe.
- Marijuana, even if prescribed for medical purposes, is considered an illegal drug.

## VISITING THE CREW AREA

The crew areas are strictly off-limits to our guests. Please refrain from entering these areas, even if a crew member should issue an invitation. Some areas of the ship, such as the Galley, are occasionally open for viewing on particular escorted tours.

## VISITORS

In today's era of heightened security, Holland America Line has implemented a strict policy that visitors are not permitted on board. We apologize for any inconvenience.

## SECURITY

This ship has an experienced Security Officer on board who is supported by trained security staff. These men and women offer 24/7 security efforts, including patrolling the ship and monitoring gangways during port calls.

Access to the ship is tightly regulated. Every person on board, including guests and crewmembers, is placed on an official manifest and may leave or enter the ship only after passing through strict security measures, which includes the screening of ship-issued identification, and the screening of all luggage.

The ship's security plan, prepared by the ship's staff in conjunction with our Senior Director, Fleet Security, must be approved by regulatory authorities before it is put into place. The ship is also equipped with security equipment like closed circuit television cameras, detection devices (including for explosives), and equipment that can be used by the crew to respond to external threats.

Regular inspections of the ship by governmental law enforcement authorities throughout the world, including the U.S. Coast Guard, ensure that we fully comply with the International Ship and Port Facility Security Code, an international law that was enacted after the events of September 11, 2001. Furthermore, we conduct regular security audits on our ships to ensure that systems are being operated in accordance with published procedures.

In the unlikely event that a crime does occur on one of our vessels, it is promptly reported to appropriate law enforcement authorities. This reporting is done in full compliance with U.S. law, including the Cruise Vessel Security and Safety Act of 2010. This law, applicable to international voyages that embark or disembark guests in the United States, requires cruise lines to report certain onboard felonies, tampering with the vessel and missing U.S. nationals. Reports must be made to the Federal Bureau of Investigation (FBI) and U.S. Coast Guard.

These requirements apply to incidents that occur on board in U.S. territorial waters, or on the high seas or in foreign waters if the assailant or victim is a U.S. national. The FBI can assert criminal jurisdiction in all of these circumstances. Each of the nations visited, as well as the vessel's flag state (the Netherlands), may also assert jurisdiction and/or impose additional reporting requirements.

In accordance with U.S. legal requirements, we are providing the following link to the U.S. Coast Guard's cruise line alleged crime statistics:

<http://www.uscg.mil/hq/cg2/cgis/CruiseLine.asp>

Additionally, you can review the Carnival Corporation & plc Voluntary Report of Alleged Crimes:

<http://phx.corporate-ir.net/phoenix.zhtml?c=140690&p=irol-voluntaryreport>

## SECURITY ASHORE

As the ship arrives in each port, it is subject to local customs regulations. This may mean that guests are not able to leave the ship until those formalities are completed.

Clearance of the ship is beyond Holland America Line's control.

Holland America Line monitors and analyzes information about possible safety and security concerns from many sources. We would not go to a port where our guests would be presented with an unreasonable risk to their safety and security. Nonetheless, there are safety and security risks in almost all ports.

### WE SUGGEST THE FOLLOWING PRECAUTIONS:

- Take your photo ID with you.
- Travel only in Holland America Line transportation, public transport or properly labelled taxis.
- Make sure the driver understands and knows your location.
- Always travel in groups.
- Avoid crowds and public demonstrations.
- When using an ATM machine, be observant of surroundings, and give preference to banks with an ATM inside.
- Avoid travel outside tourist areas.
- Stick to well-lit public routes.
- Dress down and minimize jewelry.
- Carry small bills and avoid showing large amounts of cash.
- If confronted by a criminal, remember that money and valuables can be replaced.

If you have any questions on the safety and security in any port, please speak with Guest Services or the Security Officer.

## RE-BOARDING

When leaving and returning to the ship, you will need to have your stateroom keycard with you to be scanned at the gangway. We also suggest you bring a photocopy of your passport or other government photo ID. If you lose your keycard, please report the loss to Guest Services (dial 90) as soon as possible. All personal objects will be subject to security screening when you return to the ship.

### MINORS

If you want to permit a minor traveling with you to go ashore without adult supervision, please discuss this in advance with the ship's Security Officer so that they can make a notation of this in our gangway control system software. Otherwise, our security personnel will generally prohibit minors from leaving the ship without an adult companion although we cannot provide absolute assurances that the minor will be kept on board.

Parents and guardians are strongly discouraged from leaving minor children on board unsupervised. Unattended children should be signed into Club HAL's port day programming if not accompanying their parents or guardians ashore.

## SECURITY RESOURCES

On international voyages that embark or disembark in the United States, Holland America Line is required by U.S. federal law to report missing U.S. nationals and onboard felonies to various federal agencies. Reportable felonies include all serious felonies (homicide, suspicious death, kidnapping, assault with serious bodily injury, sexual assaults as defined by federal laws, firing (arson) or tampering with the vessel, or theft of money or property in excess of \$10,000).

The enumerated incidents must be reported to the Federal Bureau of Investigation (FBI) by telephone as soon as possible, to the U.S. Department of Homeland Security electronically, and to the U.S. Coast Guard in writing. These requirements also apply to incidents that occur on board in U.S. territorial waters, or on the high seas or in foreign waters if the assailant or victim is a United States national. The FBI can assert criminal jurisdiction in all of these circumstances. Each of the nations visited, as well as the vessel's nation of registry (the Netherlands), may also assert jurisdiction and/or impose additional reporting requirements.

For missing persons or serious criminal incidents that occur within countries visited or their territorial waters, and for incidents within U.S. states, you may independently contact local law enforcement authorities. You may also contact the U.S. FBI or U.S. Coast Guard for incidents that arise at any time during the voyage. Holland America Line encourages all guests to learn as much as you can about the local laws and customs of the places you will visit. Good resources are your library, your travel agent, and the embassies, consulates or tourist bureaus of the countries you will visit. In addition, keep track of what is being reported in the media about recent developments in those countries.

Contact information for the FBI, U.S. Coast Guard and the National Sexual Assault Hotline is listed below. Locations of U.S. Embassies or Consulates in the ports visited and contact information for local law enforcement in these ports is listed on your stateroom televisions, on the In-Port Security screen.

# STAYING HEALTHY

The health of our guests and crew are our highest priority. We have implemented several measures on board which are designed to prevent and contain illnesses on our ships. These procedures meet or exceed standards set by the U.S. Centers for Disease Control and Prevention.

Hand washing is the single most important measure you can take to prevent the spread of infections. To help maintain a healthy environment, please wash your hands frequently and thoroughly with soap for at least 20 seconds, and rinse them well. Use a paper towel to turn off the faucet and open the door.

## *Wash your hands before:*

- Eating
- Drinking
- Smoking
- Brushing your teeth

## *Wash your hands after:*

- Going to the bathroom.
- Contacting frequently touched surfaces (e.g. handrails, door knobs, elevator buttons).
- Helping a sick person.

If water and soap are not available (for instance on shore excursions), use an alcohol-based sanitizer. Use a paper towel to turn off the faucet and open the door.

## *In addition, we strongly encourage you to exercise the following measures:*

- Hand sanitizers are only partially effective against norovirus and should therefore be used after and not instead of hand washing, particularly before eating in the buffet.
- Please try to use your stateroom, rather than public toilet facilities.
- Ensure that you minimize direct contact, such as handshaking, with others during your cruise – both on board and ashore.
- Always cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in a trash bin after you use it and wash your hands. If no tissues are immediately available, sneeze or cough into the top of your arm rather than your hands.
- Should you experience any symptoms of vomiting or diarrhea, it is very important that you return to your stateroom and immediately report your illness to the medical staff by calling Guest Services (dial 90).

In addition to twice daily routine doctor's hours, medical services are available 24 hours a day.

**MEDICAL CENTER**  
**DOCTOR'S HOURS-SEA DAYS\***  
*9:00am - 12 noon*  
*3:00pm - 6:00pm*

\* Hours of operation may vary on port days or for operational reasons. Please consult the *Daily Navigator* or the sign outside the Medical Center.

Charges will apply to medical services provided. You will receive an itemized bill that you can submit to your travel or health insurance.

## MEDICAL CENTER

Our Medical Center is staffed by qualified and licensed doctors and nurses. Our medical services meet or exceed the healthcare guidelines established by the American College of Emergency Physicians. In addition to twice daily routine doctor's hours, medical services are available 24 hours a day. For urgent medical attention 24/7, please dial 911.

## MEDICAL SHARPS AND NEEDLES

For everyone's safety, please do not discard medical needles or sharps in the trash. If required, please ask your stateroom steward or Guest Services for a sharps container.

# OUR YOUNGER GUESTS

## YOUTH PROGRAMS

We provide a variety of supervised fun for our guests ages 3 to 17. Club HAL® offers youth activities scheduled during sea days, plus teens can enjoy their own space, The Loft, in the evenings. Programs also operate when the ship is in port from 8:00am to 4:00pm.

- We do not offer programs or daycare for children under 3.
- Age group placement is based on chronological age at time of sailing.
- Children must be toilet trained, out of diapers and pull-ups, and be fully restroom independent. Youth staff cannot provide restroom assistance.
- Special needs kids requiring one-on-one care must have a parent present.

## POOLS

Children under 16 years of age need to be supervised at all times when using the pools and hot tubs. No lifeguards are on duty. No diapers of any kind, including swim diapers, are permitted in the swimming pools. Only potty-trained children are allowed.

## KEYCARDS

If you are traveling with children, please note that the keycard each guest carries is a chargeable card. If your children have a keycard it can be used to charge such items as internet service, which can become costly if used excessively. We encourage parents to monitor their children's onboard spending, as parents are responsible for any charges their children incur aboard the ship.

## WRISTBANDS

All children ages 12 and under, regardless of their participation in Club HAL, must wear their Assembly Station wristband at all times throughout the cruise. In the event that the wristband is lost or damaged, wristbands are available at both Guest Services and Club HAL.

## DINING

A kids' menu is offered in the Dining Room. The Lido Market, Dive-In and New York Pizza all offer kid-friendly food. In-Room Dining also features a "For Kids" menu.

## BABYSITTING

Limited babysitting may be available through Guest Services. The cost is \$10 per hour for the first child and \$7 per hour for each additional child. Babysitting is not available from Guest Services while the ship is in port.

## AGE RESTRICTIONS

### *Bars*

The drinking age on board is 21, unless otherwise specified. Proof of age may be required. See *A Few Things About... Alcohol* in this book for more information.

### *Casino*

Guests must be 18 to gamble.

### *Fitness Center*

Must be 16 to use the gym. Guests between 16-18 must be accompanied by an adult.

## ACCREDITATION

Our commitment is to create an environment for all children on board that is safe, nurturing and empowering. All Club HAL® activities are supervised by permanent, full-time staff, and are designed to be kid friendly and age appropriate.

Holland America Line has a zero tolerance policy with respect to child abuse. Club HAL is proud to be accredited by Praesidium Inc., the national leader in child abuse prevention. Our decision to exceed national standards of care comes from our strong commitment to protect our staff and Club HAL participants. Strict policies and procedures are in place to facilitate effective monitoring and supervision in order to protect youth from abuse. At no time are adults permitted to remain in the Club HAL Youth Center unless attending to a child with special needs.

## CODE OF CONDUCT FOR MINORS

It is the responsibility of parents and guardians to accept supervisory and financial responsibility for their teens and other children, to ensure that they act in accordance with ship rules.

*Parents/guardians are required to restrain their children from:*

- Engaging in loud or disruptive behavior.
- Running in the public rooms, open decks and passageways.
- Playing in elevators.
- Damaging the vessel.

We reserve the right to disembark any guest(s), including minors, whose behavior is disruptive to other guests or crew or who cause damage to the ship.

# A FEW THINGS ABOUT ...

## ALCOHOL

Each guest 21 years\* and older may bring one bottle of wine or champagne (no larger than 750ml) on board in carry-on luggage at the beginning of the voyage. This bottle will not be subject to a corkage fee if consumed in the stateroom. Additionally, wine or champagne bottles (no larger than 750ml) in carry-on luggage are welcome, but will incur a \$18 USD (subject to change) corkage fee each, irrespective of where they are intended to be consumed. Guests are not allowed to bring beer, boxed wine, or other liquors and spirits on board. Holland America Line reserves the right to remove all alcoholic beverages from any guest luggage that violates this policy. Any alcoholic beverage found will be removed and returned on the last evening of the voyage. Guests will not receive any monetary compensation for alcoholic beverages that were removed from luggage.

\* For voyages that depart from and return to Europe, Australia, New Zealand, China, Hong Kong, Singapore or Taiwan, this policy applies to guests 18 years and older, and for voyages which depart from and return to Japan, this policy applies to guests 20 years and older.

## DRUGS

Persons in possession of illegal drugs are subject to immediate disembarkation and will be reported to law enforcement authorities. This could result in legal proceedings. Please keep in mind that the drug laws in many countries can be very restrictive and the penalties severe. Marijuana, even if prescribed for medicinal purposes, is considered an illegal drug as it is prohibited both under U.S. federal law as well as the laws of all or most of the countries that the ship visits. Prescription Marinol, which is viewed by some as an alternative to marijuana, is permitted.

## SMOKING

For everyone's comfort, all staterooms, suites, and verandahs are non-smoking. Any guest who smokes inside staterooms or on verandahs in violation of our policy will be charged a \$250 per day cleaning fee.

E-cigarettes are permitted in staterooms, otherwise only in designated smoking areas.

## SMOKING IS ONLY PERMITTED IN THE FOLLOWING LOCATIONS:

- Sea View Bar area
- Casino (designated nights, active players only)

# OUR ENVIRONMENT

The ship has an Environmental Officer on board, and is managed and certified in accordance with ISO 14001, the international standard for environmental responsibility. Holland America Line also partners with the Marine Conservation Institute (MCI), who advocates for the protection of our oceans' most fragile ecosystems.

To report any concerns or suggestions, contact the ship's Environmental Officer or call our corporate compliance hotline by dialing 3687 from any ship phone. Call toll-free from shore by calling 1-888-290-5105.

## OUR COMMITMENT TO PROTECT THE ENVIRONMENT

- To protect our oceans, we follow a Responsible Seafood Program for our restaurants.
- We use environmentally friendly cleaning supplies and soy ink for printing.
- Bottles, cans, paper, cardboard, plastic, cooking oils and hazardous waste are recycled.
- Eco-friendly dry cleaning machines use non-chemical detergents.
- Toilets and showers are set to conserve water.
- Waste water is treated to a higher level than is achieved by most municipal systems.
- Reusable items are donated.
- When feasible, we turn off engines while docked in port and instead utilize shore power.

## YOU CAN HELP

- Never throw anything overboard as it is prohibited by law.
- Never feed wild animals.
- Reuse your towels. Towels left on the rack won't be replaced. If you would like a new one, leave the used towel on the floor.
- Close exterior doors when you are not in your stateroom to reduce energy use.
- Dispose of items in the proper waste container to ensure they are recycled.
- Respect the natural environment and indigenous cultures when participating in Journeys Ashore™.
- When the ship is visiting natural environments, do not play music or make loud noises on open decks.
- Do not deface any natural area with carvings or markings.

# ACCESSIBILITY

## SCOOTERS AND MOBILITY DEVICES

For your safety—as well as the safety of fellow guests, staff, and crew—guests using scooters and powered mobility devices should exercise these responsible practices while on board.

- Reduced speeds, similar to a walking pace, should be used while on board.
- Be aware of stopping distances.
- While on board and in port, remember pedestrians have the right of way.
- Be aware of your surroundings – in front, behind, and to the sides of you, particularly when backing into or out of elevators.
- Use caution when rounding blind corners or traveling down narrow corridors.
- Always make sure to turn your scooter off and remove the key before you get off the scooter.
- Never leave personal items unattended when leaving your scooter.
- Never leave an unattended scooter in a corridor or walkway.
- When attending shows and other functions please ask the staff about the proper location to park scooters to ensure that exit routes are not blocked.
- Do not use your scooter if you are under the influence of alcohol.

You are solely responsible for the safe storage and operation of your owned/rented scooter at all times while on board ship, during transfer to/from the ship and while ashore. If voluntary assistance is provided by crew, they may not be held liable for damage occurring during assistance.

## SENSORY ASSISTANCE

Holland America Line has a variety of auxiliary aids and services available for guests who are deaf or hard of hearing and for guests who are blind or have reduced vision. If you would like to learn more, please contact Guest Services.

## MOBILITY ASSISTANCE

Holland America Line has a limited number of staterooms designed to be wheelchair and scooter accessible. Certain ship transfer operations (i.e., during tendering and at the gangways) and shore excursion facilities may not be fully accessible to wheelchairs or scooters. Some guests with limited mobility may find it difficult to embark or disembark the ship at certain times while at dock or while tendering due to steep gangways and steps, particularly during low or high tide. There may be times when guests with disabilities may not be able to use the ship's tender service or gangways due to safety concerns and the level of difficulty.

The decision to provide mobility assistance up or down a ship's gangway, or on or off a tender boat, will be made based on an evaluation of guest, crew and shoreside personnel safety. Reasonable efforts to accommodate guests' needs shall be made keeping in mind that guests, crew members and shore side personnel should not be placed at risk of injury. The decision on whether to provide mobility assistance will take into account all relevant factors including, but not limited to, weather conditions, slope of the gangway, sea conditions, shore side tender facilities, ship's location and the weight of the guest.

*Star Level*

When you cruise with Holland America Line, you're automatically enrolled in our Mariner Society – the most generous rewards program at sea. As a member, you'll earn Cruise Day credits for every day you cruise and for each time you make an onboard purchase, like an evening of fine dining in the elegant Pinnacle Grill or a rejuvenating spa treatment. These credits help you increase your Mariner Star status and earn even greater rewards just for doing what you love.
