

PRESENTS
RUSSIAN WATERWAYS CRUISES - 2021

m/s «**SHOSTAKOVITCH**»

→ MOSCOW - ST.PETERSBURG / ST.PETERSBURG - MOSCOW

This classical river vessel, built in Germany in 1983 and completely refurbished in winter 2011, is a well-run motor ship and the ideal size for river voyage on Russian Waterways. During its refurbishing according to the highest European standards, special efforts were made to create maximum comfort. All cabins are outside (with the exception of the lower deck) and have a promenade walkway outside the cabin and large picture window which can be opened (with the exception of the lower deck). Every cabin has a private bathroom, individual air conditioning/heating control, radio and wardrobe.

Outside you will find spacious decks with loungers, chairs, and tables. All these luxuries will allow you to admire the beauty of the river's landscapes. The staff on board offers friendly and efficient service to make you feel as comfortable as at home.

You will be pleasantly surprised by the level of comfort in the air-conditioned public areas affording majestic views of the passing countryside such as a Reading Room, a Conference Hall and two onboard bars. In addition, there is a souvenir shop, doctor's office, beauty salon and laundry service.

You will be impressed with the level of service and food quality of our two delightful dining rooms offering both - Continental and Russian cuisine as well as specialties of the surrounding regions.

Traditional entertaining programs include evenings filled with live concerts, dancing, quizzes, lectures on Russian history and traditions conducted by experienced licensed guides.
